Tresor Mbonyimfura

Web Developer

Summary

As a web developer, I possess extensive skills in cross-platform application development and dynamic website development, and have a proven track record of creating efficient and user-friendly software solutions. As a hardworking and dedicated individual, I am committed to achieving excellence in all my endeavors, and I am constantly looking to expand my knowledge and skills to stay up-to-date with the latest web development trends and technologies.

Experience

Klab trainee
Backend Developer
Dec 2022 to April 2023.

In my role, I collaborate with other developers, designers, and stakeholders to ensure that the back-end of the application integrates seamlessly with the front-end.I play a crucial role in the development and success of web applications by building the foundation on which the user interface is built.

Andela Kickstarter
June 2023 to Aug 2023.

I completed a web development crash course where I gained proficiency in HTML, CSS, JavaScript, and Git. During the course, I successfully created a variety of projects employing these technologies, showcasing my ability to design web content, style interfaces, and develop interactive features. Additionally, I demonstrated skill in version control and collaboration using Git, enhancing my capabilities as a web developer.
